1. Restructure and concession of LPI
2. Electronic conveyancing implementation in NSW

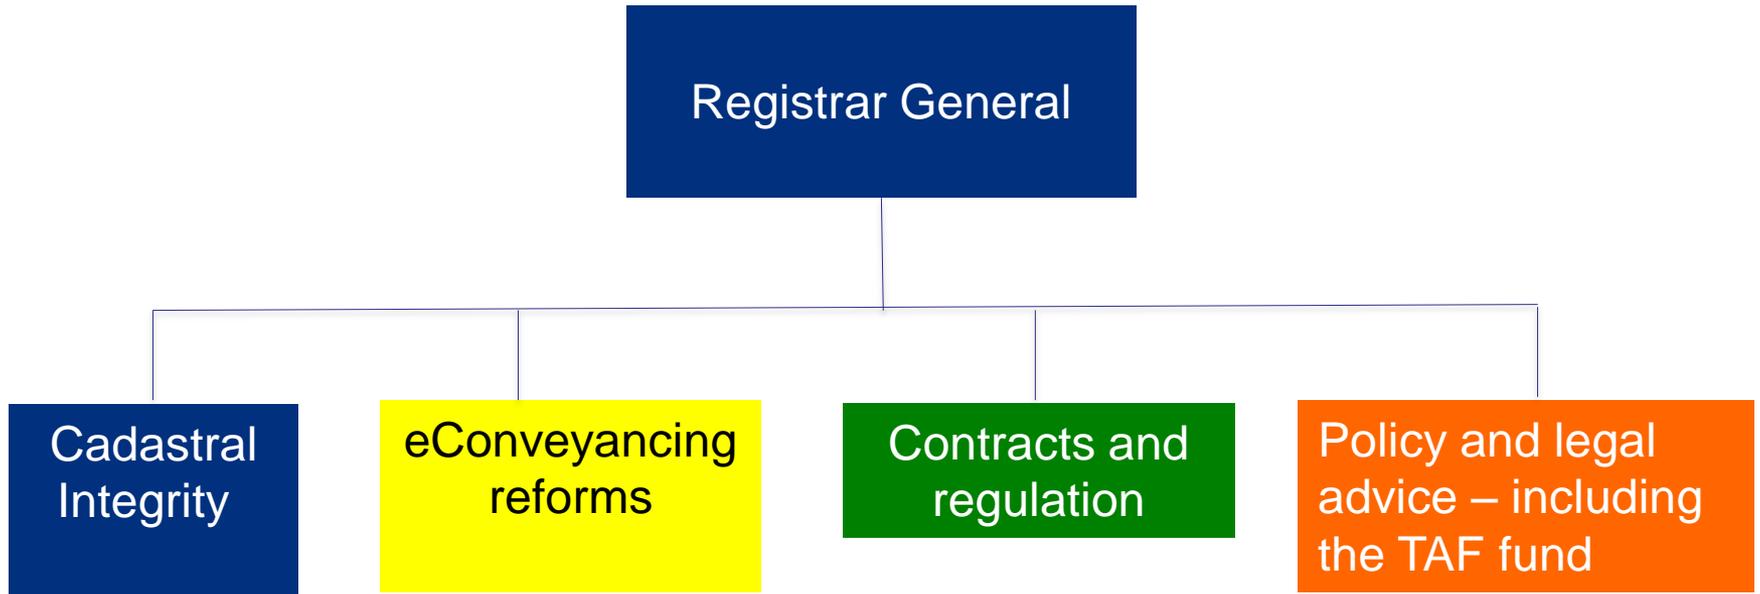

The land title system has been changing constantly

NSW has introduced a new regulator operator model to drive an efficient, digital and customer focused land title system

ORG is a regulator, advisor and litigator, working to ensure the integrity of NSW's land title system

NSW Treasury has selected Australian Registry Investments (ARI) to operate NSW's land title system for 35 years

ARI consortium

- Funds managed by Hastings Fund Management (total 70%)
 - This includes 20% stake held by RBS Group Pension Fund
- First State Super (30%)

paid \$2.6 billion to operate LPI—and receive its revenue—for 35 years.

ARI does not own the registry or the data that goes with it. These remain the property of the NSW Government.

Our regulatory focus will be on making sure the operator meets the deed's objectives

Deed's objectives

1. **Maintain integrity, security performance and availability of Registers, core services and systems**
2. **Ensure registers are accurate and up to date**
3. **Maintain confidence with customers and NSW public**
4. **Promote improvements, innovation and increased efficiency using greater expertise and investment in technology**
5. **Minimise errors and frauds**
6. **Protect current competition in down stream services**

Some of our controls

Verification of Identity

Verification of Identity (VOI) Rules

Verification of Identity (VOI) Rules

- Due diligence requirement to know your client
- Formal VOI requirements currently apply for:
 - mortgagees to identify the mortgagor – s 56C Real Property (RP) Act
 - attesting witnesses – s 117 RP Act
 - electronic transactions - Rule 6.5 NSW Participation Rules
 - All conveyancing professionals – Rule 4.1 NSW Conveyancing Rules (V3) effective from **26 November 2016**

Verification of Identity (VOI) Rules

- Significant fraud mitigation and consumer protection measure
- Apply to solicitors and conveyancers
- Formal (standardised) Verification of Identity (VOI) requirements for all conveyancing transactions
- Consistent national requirements
- Paper and electronic conveyancing

VOI - What is required?

You must take reasonable steps to verify the identity of your client [R 4.1.2]:

- either by:
 - applying the VOI Standard (deemed to be reasonable steps)
 - or in some other way that constitutes reasonable steps [R 4.1.4]

and

- ensure the client is a legal person and has the right to enter into the transaction [R4.3.2]
- Note: Further steps may be required – not just ticking the box

VOI - Conveyancing Rules

R 4.1.5 - When are further checks required?

Where you know or ought reasonably to know that:

- any identity Document produced by the Person Being Identified is not genuine; or
- any photograph on an identity Document is not a reasonable likeness of the Person Being Identified
- the Person Being Identified and/or the Identity Declarant does not appear to be the Person to which the identity Document(s) relate;
- it would otherwise be reasonable to do so.

VOI - Conveyancing Rules

The VOI Standard - SCHEDULE 8 – NSW Participation Rules

- Requires **face-to-face - in-person** interview
- Hierarchy of ID documents, highest possible category must be used
- Documents must be current (except Passport currency < 2 years old)
- Where Documents contain photographs the Identity Verifier must be satisfied that the Person Being Identified is a reasonable likeness (for example the shape of his or her mouth, nose, eyes and the position of his or her cheek bones) to the Person depicted in those photographs

VOI - Conveyancing Rules

What if you can't meet the VOI Standard?

Take Reasonable steps

- You have to judge what is reasonable in the particular circumstances
- If your client doesn't have full documents consider Category 5 an Identifier declaration - essentially a referee
- Do what you are able to do – if you have done all you can and you are satisfied, in the circumstances, you are likely acting reasonably.

VOI - Conveyancing Rules

Options for conducting VOI:

- Do it yourself
- Do it yourself Using Software solution
- Use an Identity Agent
 - ZipID
 - IDSecure
 - Australia Post
